Quality Policy Statement

31st December 2021

Electrical Safety (UK) Limited is a small but well established business operating within a niche market. The staff are highly skilled and motivated and aim to provide a professional service to clients, in an atmosphere of mutual respect, whilst striving to deliver competitive rates, value for money and profitability.

To achieve this, the Managing Director, is committed to the principles set out in the British Standard ISO 9001:2015 and to the company's quality management system which has been developed to conform to this Standard.

The Managing Director is committed to comply with the requirements of the Standard and continually improve the effectiveness of the Quality Management System.

It is the intention to review the quality policy and objectives at each management review meeting, in an effort to confirm compliance and suitability for the business.

The quality policy will be prominently displayed at all times, and its contents communicated to any additional staff before commencement of work.

Signed:
